COMMONWEALTH of VIRGINIA

Office of the Comptroller

WILLIAM E. LANDSIDLE, CPA
COMPTROLLER

P. O. BOX 1971
RICHMOND, VIRGINIA 23215-1971

August 13, 1999

The Honorable James S. Gilmore III
Governor
Commonwealth of Virginia
State Capitol
Richmond, Virginia 23219

Dear Governor Gilmore:

In compliance with the provisions of Section 2.1-207 of the *Code of Virginia*, I hereby submit my preliminary annual report on the financial condition of the General Fund of the Commonwealth for the fiscal year ended June 30, 1999.

The Commonwealth's ending fund balance in the General Fund is \$1.6 billion, measured on the cash basis of activity. This is an increase of \$155.4 million, or 11 percent, from the prior year ending fund balance of \$1.44 billion. The first graph on page 9 shows a comparison of the last five years.

Revenue Stabilization Fund

The Revenue Stabilization Fund has principal and interest on deposit of \$361.5 million reserved as a part of General Fund equity. The amount on deposit cannot exceed ten percent of the Commonwealth's average annual tax revenues derived from taxes on income and retail sales for FY 1999, FY 1998, and FY 1997. The maximum amount allowed in FY 1999 is \$777.9 million. The FY 2000 deposit into the Revenue Stabilization Fund, which is appropriated in the amount of \$194.1 million, is also reserved. Consistent with past policy, we have designated \$103.3 million from the General Fund balances to pay for a sixth deposit into the Fund which is required based on FY 1999 revenues. The Fund is routinely segregated from the General Fund and can be used only for constitutionally authorized purposes.

Amounts Available for Reappropriation

Various additional amounts are shown on the balance sheet as designated. Section 4-1.06(a)(1) of Chapter 935, 1999 Acts of Assembly, requires reappropriation for fiscal year 2000 of unexpended appropriations for Legislative and Judicial Departments, as well as Independent Agencies, at June 30, 1999. Additionally, this Section of the Act gives the Governor authority to reappropriate unexpended Executive Department appropriations. Based on an analysis by the Department of Planning and Budget, \$150.5 million of this year's fund balance is designated for reappropriation in 2000 for operations, and \$316.2 million for capital project needs. Additionally, \$365.1 million is designated as available balances to meet the requirements of Chapter 935.

Virginia Water Quality Improvement Fund

Section 10.1-2128 of the *Code of Virginia* established the Virginia Water Quality Improvement Fund. The Fund was established to provide Water Quality Improvement Grants to various entities to assist in pollution prevention and reduction. The Fund shall consist of amounts appropriated by the General Assembly. Unless otherwise specified by the general appropriation act, these appropriations shall consist of ten percent of revenues collected in excess of the official estimate and ten percent of any unreserved fund balance not required for reappropriation. For the year ended June 30, 1999, we have designated \$15.5 million and \$18.5 million that represent ten percent of the excess revenue collections and ten percent of the unreserved fund balance not required for reappropriation, respectively. Upon appropriation by the General Assembly, \$34.0 million will be transferred from the General Fund to the Virginia Water Quality Improvement Fund.

Undesignated Balances

The undesignated balance, which is surplus to all other planned needs, is available for future use. As of June 30, 1999, this balance was \$8.3 million.

This preliminary annual report is comprised of cash basis financial statements that present the financial condition, results of operations, and changes in fund balance of the Commonwealth's General Fund. The notes to the financial statements are an important and integral part of the statements.

This preliminary report is presented on an unaudited basis. In preparing this report, we relied upon the internal accounting controls of the Commonwealth that are designed to provide management with reasonable, but not absolute, assurances that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and are properly recorded to permit the preparation of financial statements.

The final Annual Report of the Comptroller, due on December 15, 1999, will include certain accruals and other information required for conformance with generally accepted accounting principles. It will be audited and will include any material adjustments recommended by the Auditor of Public Accounts.

We are proud to report that the Comprehensive Annual Financial Report for the year ended June 30, 1998, was awarded the Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association of the United States and Canada (GFOA). This is the thirteenth consecutive year that Virginia's Annual Report has received this award. In addition, Virginia was awarded a companion award from the GFOA for its FY 1998 Popular Report, entitled *Virginia Financial Perspective*. This is the fourth consecutive year that Virginia's Popular Report has received this award.

Respectfully submitted,

GENERAL FUND NOTES

[illegible]

COMMONWEALTH OF VIRGINIA

NOTES TO PRELIMINARY FINANCIAL STATEMENTS

JUNE 30, 1999

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Presentation

The accompanying General Fund financial statements of the Commonwealth of Virginia have been prepared on a budgetary (cash) basis of accounting. Revenues and expenditures are recorded at the time cash is actually received or disbursed according to the provisions of the Appropriation Act; therefore, no accruals of revenues or expenditures have been included.

The General Fund includes transactions related to cash received and used for those services traditionally provided by a state government, which are not accounted for in other funds. It is a governmental fund and therefore its focus is on the measurement of financial position and related changes thereto, rather than on income determination. No other funds are presented in this report.

All funds will be presented using the appropriate bases of accounting as defined by generally accepted accounting principles in the Annual Report of the Comptroller, to be issued December 15, 1999.

B. Budget

Budgetary amounts shown in the financial statements represent Chapter 464, as amended by Chapters 1 and 935, and as adjusted for executive and other administrative actions. The Commonwealth's budget is prepared principally on a cash basis and represents appropriations as authorized by the General Assembly. The Governor, as required by the *Code of Virginia*, submits to the General Assembly a budget composed of all proposed expenditures for the State and of estimated revenues and borrowings for a biennium.

The budget is prepared on a biennial basis; however, the budget of the General Fund contains separate appropriations for each year within the biennial budget, as approved by the General Assembly and signed into law by the Governor. For management control purposes, the budget is controlled at the program level. The Director of the Department of Planning and Budget may transfer an appropriation within a State agency or from one State agency to another, provided that total fund appropriations, as contained within the budget, are not exceeded. Increases in General Fund appropriations must be approved by the General Assembly.

2. ANALYSIS OF GENERAL FUND REVENUE

The Department of Accounts produces a monthly General Fund Statement of Revenue Collections, Estimates, and Transfers. The following analysis relates components of the Preliminary General Fund Statement of Revenues, Expenditures, and Changes in Fund Balance with the monthly revenue report for June 30, 1999.

<i>(Dollars in Thousands)</i>	Preliminary Financial Statements	Monthly Statement of Revenue	Variance
Total Revenue	\$ 9,716,193	\$ 9,702,747	\$ 13,446 (a)

Total Revenue and Transfers	<u>\$ 10,112,646</u>	<u>\$ 10,099,200</u>	<u>\$ 13,446</u>

(a) Reversal of prior year reclass of Non-sufficient Fund

Checks not reflected on the Revenue Report	\$ 595
Interest on the Revenue Stabilization Fund not reported in the Revenue Report	13,377
General Fund Revenue reclassified as Transfer In from Component Unit for financial reporting purposes	(36)
Non-sufficient Fund Checks reclassified as a reduction in revenue for financial reporting purposes	(490)
	<u>\$ 13,446</u>

3. REVENUE STABILIZATION FUND

In accordance with Article X, Section 8 of the *Constitution of Virginia*, the amount estimated as required for the Revenue Stabilization Fund must be appropriated for that purpose by the General Assembly. The next deposit of \$194.1 million was appropriated by Chapter 935, 1999 Acts of Assembly, for the 1998-2000 biennium. In accordance with past policies, the deposit resulting from FY 1999 revenue collections is designated, to the extent funds are available, pending certification from the Auditor of Public Accounts. This deposit is estimated at \$103.3 million. For FY 1999, sufficient cash is available to designate the entire estimated deposit.

The Revenue Stabilization Fund has principal and interest on deposit of \$361.5 million reserved as a part of General Fund equity. The amount on deposit cannot exceed ten percent of the Commonwealth's average annual tax revenues derived from taxes on income and retail sales for FY 1999, FY 1998, and FY 1997. The maximum amount allowed in FY 1999 is \$777.9 million.

4. THE REPORTING ENTITY

Government Accounting Standards Board Statement (GASBS) No. 14, *The Reporting Entity*, effective for fiscal years beginning after June 15, 1993, requires that specific criteria be used to determine entities that must be included in the Commonwealth's financial statements. Effective July 1, 1996, the Virginia Department of Economic Development was divided into two entities: the Department of Business Assistance and the Virginia Economic Development Partnership (VEDP). The VEDP is reported as a discrete component unit of the Commonwealth, and thus is not included in this cash basis report of the General Fund. Fiscal years 1995-1996 have not been restated for GASBS No. 14, and include expenditures for the VEDP. Thus, a comparison of expenditures between years may not be appropriate.

5. PAYROLL RESERVE FUND

Item 528, O.1. of Chapter 924, 1997 Acts of Assembly, established the Payroll Reserve Fund in the amount of \$21.8 million. The Fund was established to represent the value of the payroll costs for the Commonwealth's transition period to the new lag pay plan. The \$21.8 million was unreserved on July 1, 1998 in accordance with Item 552, G of Chapter 1 of the 1998 Acts of Assembly. Thus, it is no longer shown as a component of Reserved Fund Balance at June 30, 1999.

6. VIRGINIA WATER QUALITY IMPROVEMENT FUND

Section 10.1-2128 of the *Code of Virginia* established the Virginia Water Quality Improvement Fund. The Fund was established to provide Water Quality Improvement Grants to various entities to assist in pollution prevention and reduction. The Fund shall consist of amounts appropriated by the General Assembly. Unless otherwise specified by the general appropriation act, these appropriations shall consist of ten percent of revenues collected in excess of the official estimate and ten percent of any unreserved fund balance not required for reappropriation. For the year ended June 30, 1999, we have designated \$15.5 million and \$18.5 million that represent ten percent of the excess revenue collections and ten percent of the unreserved fund balance not required for reappropriation, respectively. Upon appropriation by the General Assembly, \$34.0 million will be transferred from the General Fund to the Virginia Water Quality Improvement Fund.

7. YEAR 2000

Many existing computer programs use only two digits to identify a year in the date field. These programs were designed and developed without considering the impact of the upcoming change in the century. If not corrected, these programs could fail or create erroneous results by the year 2000. The Commonwealth has been modifying its computer systems to address this issue. However, due to the interdependent nature of computer systems, the Commonwealth may be adversely impacted in the Year 2000 depending on whether it or other entities not affiliated with the Commonwealth address this issue successfully.

GLOSSARY

[illegible]

BALANCE SHEET

1. **Cash, Cash Equivalents, and Investments** - All cash, cash equivalents, and investments are maintained by the Treasurer of Virginia. Cash includes demand deposits, time deposits, and certificates of deposit. Cash equivalents are investments with an original maturity of three months or less. Short-term investments held are stated at cost, which approximates market value.
2. **Petty Cash and Travel Advances** - Funds advanced to agencies to make immediate cash payments for authorized purposes. Also included are funds advanced to agency employees to cover expenses incurred while traveling on State business.
3. **Deposits Pending Distribution** - This represents miscellaneous amounts held by several agencies in suspense accounts pending distribution.
4. **Reserved Fund Balance** - Items are reserved to indicate that a particular portion of fund balance is not available to fund operations.
5. **Designated Fund Balance** - Consists of designations established to reflect tentative plans for future utilization of current financial resources. Designated Fund Balance represents:
 - **Amount Required for Reappropriation of 1999 Unexpended Balances, Mandatory Reappropriations, Discretionary Reappropriations and Capital Outlay** – This portion of fund balance represents the fiscal year 1999 unexpended appropriations which the Department of Planning and Budget anticipates reappropriating in the next fiscal year.
 - **Amount Required by Chapter 935, 1999 Acts of Assembly** – This portion of fund balance represents the amount that must be carried forward to the following year to balance the biennial budget.
 - **Virginia Water Quality Improvement Fund** – This portion of fund balance represents amounts to be transferred to the Virginia Water Quality Improvement fund upon appropriation by the General Assembly. As prescribed by Section 10.1-2128 of the *Code of Virginia*, the calculated contribution is \$34.0 million.
 - **Natural Disaster Sum Sufficient** – This portion of fund balance represents the estimated costs of responding to and recovering from damage caused by hurricanes, blizzards, and floods. The majority of these funds will be used to provide the state match for assistance to individuals and for repairing damage to public property facilities.
 - **Contingent Appropriations** – This portion of fund balance represents amounts that will only be paid after certain other conditions occur as specified by the Appropriation Act.
 - **Revenue Stabilization Fund Contribution** – This figure represents a portion of the fund balance available as a future deposit to the Revenue Stabilization Fund. As prescribed by the *Constitution of Virginia*, Article X, Section 8, the Revenue Stabilization Fund calculated contribution, resulting from revenues collected for the year ended June 30, 1999, is \$103.3 million.
